

GENERAL INVESTMENT CRITERIA

CAR PARK INVESTMENTS

- **Product:** public car parks (underground, multi-storey, surface lots or a combination). Individual car parks or portfolios.
- **Target countries:** Germany, Austria, Switzerland, BeNeLux, Ireland, UK, Norway, Denmark, Sweden, Finland, Poland, Italy, France, Spain, Portugal
- **Target cities:** larger cities in metropolitan areas (preferably 100k+ inhabitants).
- **Locations:** situated in high traffic areas with a multitude of anchors (retail, office, residential, leisure, etc.) such as in downtown locations. Or next to hospitals, airports and train stations. Paid parking must be applicable.
- **Investment volume:** minimum of €5 million in Germany, approximately €10 million in other countries.
- **Building type:** existing buildings and turn-key developments. Forward funding is possible. Building has to be suitable for a professional parking operation.
- **Title:** freehold, leasehold and concessions (must be a right in rem).
- **Lease:** preferably an existing leasing agreement with a professional operator with a remaining lease term of approximately 5-10 years. However if there is no lease in place we can also take a view on the operational income.
