**STUDENT INVESTMENT
ANALYST - MOBILITY
INFRASTRUCTURE**
and step into an impactful role within our team!

Team

Primevest Capital Partners is a European investment manager focused on future-proof urban investments across mobility, living and connectivity. We manage €3.5bn AuM across multiple funds and mandates, investing across 12 European countries from our offices in Utrecht, Eindhoven and Berlin.

Within Primevest, the Parking & Mobility platform is a core strategy. With a long-standing track record and €1.5bn+ invested in car park assets across 10 Pan-European funds, we invest in essential urban infrastructure and work with best-in-class operators. Our focus goes beyond traditional parking, including technology upgrades, EV charging and broader mobility solutions that strengthen asset resilience and long-term performance.

Role

- As a Student Investment Analyst, you will be supporting investment professionals across the full lifecycle: origination, underwriting, execution and asset management. You will assist with transaction processes, investment committee materials, financial modelling, and ad-hoc analyses, working closely with experienced professionals in an international and highly practical environment.
- We aim to continuously challenge and support your development, with real responsibility and a steep learning curve. The role is designed to build a strong foundation for a potential full-time role after graduation.

Responsibilities will consist of, but are not limited to:

- Collecting and structuring information for decision makers
- Assisting with screening and valuation of new investment opportunities
- Financial modelling of infrastructure-like real assets and operating platforms
- Supporting coordination with operators, industrial partners and external advisors
- Preparing presentations and Investment Committee materials
- Ad-hoc analyses in close cooperation with the investment team

You

We are looking for at least 2nd or 3rd year BSc students or MSc students in Finance, Economics, Business, Engineering, or a similar field, with the ambition to pursue an MSc after graduation.

We look for the following in a candidate:

- High academic achievements
- Prior relevant experience (internships, student finance/investment roles, case competitions, etc.)
- Genuine interest in investments, corporate finance, and real assets / infrastructure-like sectors
- Strong analytical skills and a structured approach to complex problems
- Ability to deliver high-quality output under pressure and tight timelines
- Curious mindset, high willingness to learn, and a forward-thinking attitude
- Ability to work independently while being a strong team player
- Excellent communication skills in written and spoken English. Dutch and/or German is advantageous
- Solid Excel and PowerPoint skills

To be eligible, you must be enrolled in a full-time university program and have the right to work in the Netherlands. Furthermore you have to be available for at least 6 months.

Practicalities

The position is part-time (min. 20h) and based in Utrecht, with flexibility to structure your schedule around your studies. Workload will vary depending on deal activity and project timelines.
